Local Boys Hurt As Car Crashes Inspection Station

Ronald Fred Rau, 22, Verdi and William Luffy, 21, Tahoe City were severely injured and rushed to the Tahoe Forest Hospital Sunday morning at 3:15 o'clock after the car driven by Rau crashed into the truck inspection building at the Truckee quarantine station.

Rau told Patrolman Martin Sturck who investigated that his windshield iced up and that he did not see the building which he hit headon while driving east. However, he was cited for speeding and not having his vehicle under control.

The building was badly damaged by the crash.

Joyce Muller, 18, Redwood City suffered injuries when cars driven by Gilbert R. Stegen, 22, a student from Seal Beach and Tim W. Anderson, 19, a Redwood City student, collided on the observation bridge near Donner Summit at 3 p. m. Friday.

Anderson, who was cited by Patrolman Sturck, said he did not see the approaching Stegen car until too late to avoid the collision.

No one was injured in a four-car collision a mile south of Tahoe City Monday evening at 5 o'clock. Loren Terzich, 27, Novato, and Lois Wooley, 19, Sausalito had parked their car beside the road to repair chains. David Evans, 41, San Jose saw the parked cars, applied his brakes sharply just as the fourth car, the driver of which was unknown and did not stop, crashed into the rear of the Evans car, sending it into the Terzich and Wooley vehicles.

The fourth driver is being sought by the patrol for questioning.

BLACK ICE CAUSES SHORTCUT TIEUP

Traffic over the Brockway shortcut was stopped and two trucks damaged in a series of mishaps caused by the black ice near the summit yesterday morning.

A logging truck driven by Fred Binkerd of Smartsville going north skidded about half a mile down the grade before it struck a transport truck operated by Lewis Elder of Reno which had skidded into another transport which had slid off the road.

Logs were strewn along the roadway and the trucks were damaged but fortunately no one was injured. Eight or nine cars were also delayed by the icy condition of the road. Patrolman Wayne Hopkins made the investigation.

PASSENGERS ESCAPE IN BUS MISHAP HERE

An alert bus driver, Albert Smith, 32, Broderick, was credited with averting a serious accident four miles east of here yesterday at 6 a. m. when his Greyhound bus skidded on a curve and careened across the highway. A tire blew out and other minor damage was caused but no one on the bus was injured.

Patrolman Wayne Hopkins investigated.

Patrol Watchful As Holiday Road Toll May Be High

The California Highway Patrol estimated 99 persons would be killed in highway accidents during the coming Christmas and New Year holidays but announced plans to prove these figures wrong.

Lieutenant O. P. Ledford announced locally that maximum enforcement would be the order during the two weekends, with every available officer on the highways in an effort to minimize the accident toll.

The CHP forecast was that 60 persons would die over the Christmas weekend and 39 more over New Year's.

This would compare with 56 killed during Christmas of last year and 46 deaths during the New Year's weekend of 1960-61. The highest Christmas toll for a comparable weekend was 64 deaths in 1950, and the highest for the same length New Year's weekend was 46, recorded last year.

S. P. To Abandon Freight Shed Here

The Southern Pacific Company has notified the Public Utilities Commission of California that it intends to abandon the freight house at Truckee effective January 6.

Because of the limited amount of freight handled through the facility, a structure of its size is no longer required. The notice declared. Adequate space for handling any local freight consigned to points outside the delivery limits and for special shipment when required, can and will be provided in the passenger station.

The concrete platform at the west end of the freight house will be retained for public loading and unloading.

The building has not been in use for some time and it is understood that it will be retained for other uses aside from its use as a freight shed.

Notice of abandonment was made by W. M. Jaekle, Southern Pacific general manager.

Fans, Siebold said, will see a fancy exhibition, razzle dazzle handling, intricate routines, both planned and impromptu comedy and all sorts of shenanigans. The Harlem Stars are unique in that they never try to run up a huge score against their opponents, it being their policy to keep the game close and devoting much time to comedy.

Storms Add Little Moisture Here As Light Rain Falls

The warm air and light snow during the past week brought only .20 of an inch of precipitation to Truckee, the Truckee District of the Tahoe National Forest reported. This brought the total for the month of December to one inch as compared to a normal of 6.23 inches.

The season's total precipitation since September is now 5.73 inches, while the normal for the end of December is 11.79 inches.

There were six inches of snow on the ground here yesterday. The temperature rose to 43 degrees and the coolest day of the week was Sunday with a chilly 13.

400 Children Meet Santa At Tahoe

TAHOE CITY—Ted Stollery, local Rotarian, played Santa Claus to some 400 children at the new fire house last Tuesday evening.

There were cheers from the youngsters as Santa arrived in a one horse sleigh and mounted the flat bed truck that had been backed into the fire house to be out of the rain that cancelled the annual party under the big pine tree in the center of the highway for the first time in the more than 12 years the event has been held.

Fire trucks taken out into the street made room for all to stand inside while Herb Beck and Ned Long, co-chairmen for the party called names of children and handed the presents to Santa. Mrs. Beck and Steve Korich assisted on the truck.

Although the party is sponsored by Tahoe City Rotary Club other clubs and individuals lend help and contribute to the event.

The next Rotary Club meeting will be January 9.

State Is Silent On Plan To Relocate Emerald Bay Span

State Highway Engineer J. C. Womack last week declined to reveal the details of a recommendation made to him by Alan S. Hart, district engineer in the Marysville office of the department for relocating State Route 89 at Emerald Bay on Lake Tahoe.

Womack said no announcement would be made pending submission of the recommendation to the state highway commission.

The recommendation by Hart is not binding. Womack can submit it to the commission with a recommendation for approval or can submit an alternate recommendation.

Two routes have long been under consideration. One would follow the general route of the present road, where doubtful tunnels and curves would be necessary and where the cost would be millions more than the second route which would span the mouth of Emerald Bay with a picturesque bridge and provide a road through both the D. L. Bliss and the Emerald Bay State Parks.

At a recent hearing held at South Lake Tahoe, scores of people spoke in favor of the low-level highway, pointing out that it was not only less expensive but would assure safe, year-around travel for the thousands who would use it annually.

Since the hearing the department has received many letters, apparently from groups and organization members urging the high-level route and charging that a bridge would deface the beauty of the bay.

Anniversary—

Good wishes were in order, December 17 when Mr. and Mrs. Jim Sherritt observed their wedding anniversary.

SUMMIT SCENE

By FRAN COUILLARD

The Truckee Rotary Club held

their Christmas party at Soda Springs Lodge last Monday evening. Thirty-five strong, the Rotarians and their wives joined hands in their annual holiday fes-

tivities. Pretty Yvonne Webb from Hobart Mills did a gallant job with her accordion and song leadership. We can't go into the complete roster but we can say that everyone looked very holidayish in their best bibs and tuckers—and the gals wore their red carnations well. Lots of fun. And we wonder what John Richards did with his Santa Claus suit? John still makes a good Santa Claus but we missed his Ho-Ho-Ho and his jingle bells that has always gone with his Santa Claus outfit and his bag of presents.

Just so this isn't all Soda Springs Lodge—and we haven't had time to get out a news gathering (in fact we still have to Christmas shop at this writing) we'll report that John Johansen is recuperating from his recent automobile wreck. We see John looking longingly at the ski hill as he yearns to get into the teaching groove once more (and we'll bet that he might have "snuck" in a run or two).

And Eli Carder came back from the hospital just as we finished, on our last, saying that he was rumored that he had gone there. Looks kind of "drawn" like.

Called Karen Saylor at the Ski Ranch and found that the first Racing Camp—set up in filled up. Remember we reported this once before. The Ski Ranch will pick out the junior racing team from the top notchers in the camps. All kids under 17 with or without previous racing experience are solicited. If you didn't make the first one—better sign up for the second—dates December 27th to 30th. Babette Hauesen is in charge of the camps with Dick Dorthworth of Reno assisting.

Found out that the Yuba Sutter junior giant slalom will be featured January 31.

Our received Christmas cards would make a whole story but we haven't time to go into that phase right now—is a darling mimeographed report of the doings of the Parrott family. Remember old timers Bill and Gloria Parrott—of the Castle Creek vicinity and the Snow Lab? These are them. From the Copper country of Houghton, Michigan they write with a notation at the end of their year's doing that they wished they knew where they would be sending us their next report from—which must mean that old "weather wise" Bill Parrott must be taking another step up the ladder.

And from Sonoma, California comes a card written to Peggy, Fran and Art which reminds us of Mr. and Mrs. Felix Moriano—who retired from their San Francisco business and bought a vineyard in the colorful Sonoma area.

MEMBERS HONORED AT AUXILIARY MEET

KINGS BEACH—Members and guests of the Ladies Auxiliary to VFW Post 7077 attended a pre-Christmas dinner party at Kings Beach Bowl Thursday.

Presentation of five-year membership pins was made by President Pearl Draney and Past President Pearl Moore to Wanda Brooks, Unadell Crawford, Ruby Clackett, Peg Nelson, Bernita Jones, Beverly Newell, Nola Elliott and Minnie Wagner.

Bea Snell announced the Auxiliary membership was 100 per cent paid up during November and presented pins to membership chairman Pearl Martin, Louise Walter, Ruby Clackett and Pearl Moore.

The next regular meeting will be held January 11 at Crystal Bay Club at which time new members will be initiated.

Others present at the meeting were Sophia Lepra, Gladys McClelland, Bea Snell, Mae Weathers, Carol Harris, June Mandeville, Esther Horstman, Cleta Liddle and guests Ruth Mizner and D. Acker.

THEFTS ARE PROBED IN TAHOE DISTRICT

AUBURN—Six persons reported the theft of their skis from Squaw Valley last weekend, it was learned from Placer County sheriff's officers at Lake Tahoe.

Notifying the officers of ski losses were Doris Lorimer of Oakland, Mary Dugdale of Reno, Douglas Hayden of Sonoma, Joan Karb of Oakland and Bonnie Brooks and Pack Waring of San Francisco. Tahoe Sheriff's Deputy Adam Sabat returned a wallet and its contents to Leo F. Bolduc of Vancouver, B. C. Saturday after Bolduc reported its loss from the hood of his car where he had placed it following a gas purchase in Tahoe City. Deputy Sabat found the wallet intact beside the road.

Kenneth D. Wilson reported someone had entered his Carnelian Bay home and taken electrical cable, clothes, a shotgun and other articles Saturday.

Don Rick and Stanley Goode, both of Tahoe City made identical reports to the sheriff's office December 6.

Their jeeps were stolen, then returned to them, minus gas.

Deputies are investigating the report of Arthur Trenhallow of Squaw Valley who said someone had stolen \$500 and a number of personal items from him on Monday.

But we promised that we wouldn't go into the Christmas card story until later.

Switching back to racing programs. Just had a little chat with Jim Winthers—Soda Springs ski school director. Jim gave me the preliminaries on a new racing program for juniors on this terrain, too. Seems like one named Olle Youngburg, a certified instructor—is to head this young ones skiing program. A mimeographed sheet will be handed me in a few days and from printed instructions—I should do very well in reporting skiing events. Think so?

The youngsters at the Donner Trail School gave their annual Christmas program last evening (Monday) and so we report from heresy because our Rotary banquet kept us a bit tied up, as it were. Fran Drago of Big Bend Ranger Station reports that it was the best Christmas program that the youngsters ever did. Not a bauble, not an error, says Fran, and real, real authentic. The manger, the symbol of Christmas, angels, Mary and Joseph, the wise men. We suppose every little school in the rural areas of our great nation do this every Christmas and in spite of big Christmas trees, the terrific commercialism of the gift traders, the millions of expensive decorations that towns and businesses don for the occasion—and yet a little group of youngsters in a little rural school can bring more Christmas spirit into our hearts than any other one thing. Could it be that the youngsters really and truly live their parts in the reincarnation of the old, old story?

And again—Merry Christmas to you all.

Frankly Fran

"And the angel said to them: Fear not; for behold I bring you good tidings of great joy, that shall be to all the people. For this day is born to you a Saviour, who is Christ the Lord, in the city of David." Luke 2, 10-11.

St. Bernard says of the Nativity, "What sweeter tidings could be published? What happier event could be proclaimed? Has the world ever before been told? O, nativity, spotless in sanctity, glory of the benefits it confers, inscrutable even to the angels because of the depths of its divine mystery, admirable to all in its unthought-of and incomparable excellence."

By contemplating on these words the Feast of Christmas should mean something more to us than a passing holiday. The King of Peace comes with a magnificence all His own. He has veiled His glory that we may not shrink from Him in fear; He has come in poverty and suffering to teach us that not in pleasure is man's true happiness to be found. In this then we should see why St. John said, "God is Love."

The birth of Christ Jesus, and other highlights from his history as recorded in the four Gospels, will form the background of the lesson-sermon at Christian Science church services Sunday.

Keynoting the lesson-sermon entitled "Christ Jesus" is the Golden Text from John (12): "I am come a light into the world, that whosoever believeth on me should not abide in darkness."

Scriptural readings include this passage regarding the wise men (Matt. 2): "When they saw the star, they rejoiced with exceeding great joy. And when they were come into the house, they saw the young child with Mary his mother, and fell down, and worshipped him: and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 95): "Led by a solitary star amid the darkness, the Magi of old foretold the Messiahship of Truth. Is the wise man of today believed, when he beholds the light which heralds Christ's eternal dawn and describes its fulfillment?"

TAHOE TRUCKEE SCHOOL NEWS

TAHOE LAKE SCHOOL
KINDERGARTEN: Thanks to

Jean Pierre Legras and Cathy Freeland for the Christmas story shared with the class. Mark Brinner brought a wreath of pine needles and cones for our door.

Mr. Henke set up a manger scene for the class to share the last two days before Christmas vacation.

FIRST GRADE: Tahoe Lake first graders have been practicing marching so they will be ready for their "Parade of the Wooden Soldiers" in the Christmas program. They would like to thank the following mothers who showed up to make costumes: Mrs. Willis, Mrs. Cordone, Mrs. Kimball, Mrs. Beck, Mrs. Read, Mrs. Long, Mrs. Cook and Mrs. Hauserman.

FIRST AND SECOND GRADE COMBINATION: First graders beginning first grade readers this week are: Robert Frazier, Chris Cahill, Dee Ann Cline, Billie Menges, Linda Keeler, Donna Silva and Sandra Keechler.

Original Christmas stories were written by the second graders. The two especially nice ones were written by Mike Byers and Garth Collins.

SECOND GRADE: The class is busy preparing for Christmas.

Twenty-two children received 100 per cent in a 30 word final spelling test.

Several children wrote original Christmas stories. Robby Easton, Cindy Ables, Corleen Hepner, Nancy Kelley and Jeri Sampson wrote especially nice stories.

THIRD GRADE: It was difficult to choose the girl to take the part of "Susie Snowflake," which the third grade is presenting as their part of the Christmas program. Bonnie Nyberg was finally chosen from a group of finalists that included Peggy Tilton, Paula Hennrikson, Julia Gehlert, Betty Lynn Strickland, Sherry Freeland, Marlene Lisle, Sue Jean Ransom and Michelle Legras.

FOURTH GRADE: The following students are preparing a special skit of the "Doggie in the Window" for the Christmas program: Mindy Bechdolt, Christina Keehn, Debbie Stark, Dorothy Pomin and Sally Starratt. The fourth grade will sing "Let It Snow" with the verse being sung by Peggy Hoff.

FOURTH AND FIFTH GRADE COMBINATION: We are singing "A Round About Christmas" for the program Monday night and Dickie Balbuena is our "little old man" into whose hat we drop pennies. We are also doing a square dance to "Jingle Bells."

We will be sorry to lose Brent Wissenback at the end of this month.

Mike Cannon provided our room Christmas tree, and we are all enjoying decorating it.

FIFTH GRADE: Those who got A's in the history test are Mark Calhoun, Scott Cannon, Tom Carnell, Jim Foeger, Greg Hill, Victor Kelley, Jeni Lee, Cathy McKelvie, Greg Pyle and Dennis Scoville.

Those who got 100 per cent on the trial test are: Jim Caulkett, Sands Hall, Victor Kelley, Jeni Lee, Kathy McKelvie, Greg Pyle, Dennis Scoville and Camille Shirley.

The 100's in our final spelling test are: Jeri Peterson, Meridith LaTour, Eric Poulsen and Steven Ransom.

SIXTH GRADE: Particularly outstanding were those who made A's both on problem solving and skills in arithmetic: Tabor Griswold, Julie Hauserman, Denise Henrikson and Dianne McBride.

Those who made A's on a grammar test in language are: Julie Hauserman, Janet Jorgensen, Dianne McBride, Barbara Nielsen, Tom Hoff, Denise Henrikson, Erik Henrikson and Steve Shaw.

Thirty-one volunteers will participate in our classes portion of the Christmas program on Monday night. They have done a very good job of learning their parts. Kim Marvin was chosen as chairman of the committee to prepare our part of the scenery.

SEVENTH GRADE: Many fine bulletin board murals have been done. Those doing exceptional jobs are: Leigh Swigert, Chris Burner, Rosemary VanRooy, Candia Anderson, Georgianne Luffy, Darlinda Stark and Davalene Alves. Paul Sullivan, Dick Pomin

and John Carnell are finishing up a mural showing Santa arriving in a space capsule after being shot from a rocket at Cape Canaveral, Florida.

Results of a recent health test are as follows: Receiving A's were Tad Hall, Leigh Swigert, Jon Caulkett, Tim Wissenback and Gretchen Lawlor. B's were made by Ernie Marier, Dick Pomin, Marty Spitsen and Linda Smith.

EIGHTH GRADE—(Mr. Hawk): The students that received A's in speech this week were: Greg Hickox, Cathy Connors, Kai Smith, Ann Duttweiler, Connie Woods, Joan Palmer and Glenna Hepner.

The A's in the trial test in formula and square root were: Cathy Connors, Lynn Sneed and Roger Kahn.

EIGHTH GRADE—(Mrs. Dunne): Our class worked on the Christmas bulletin boards and posters this week. Outstanding in their work were: Steve Rogers and Lance Poulsen, the Star of Bethlehem; Linda Hammer and Allie Cushing, Candle Scene.

Jake Obexer made an outstanding poster.

TRUCKEE ELEMENTARY KINDERGARTEN: Our pretty Christmas tree was brought to us by Kenneth McCarroll.

During December we have celebrated six-year birthdays for Elizabeth Wiser, Estevan Fernandez and Cella Gini.

FOURTH GRADE: The following people received A's in the recent arithmetic test: Carolyn Meeks, Shirley Wescoatt, Eileen Hausauer, Steve Rose, Bryan Amtoft, Debby Jo Wurst, Larry Doyle, Scott Burgwin, Sharon Conine and Virginia Strobel.

If you're in charge of entertainment for your next year's club events, you might be interested in the large number of films that can be made available here at the telephone business office.

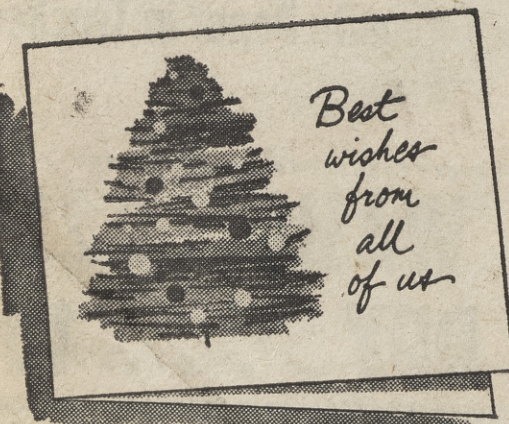

From musicals to interior decorating to the Bell System science shows that have been on television, these films cover a wide range of subjects. Ones on communication systems like air defense networks and missiles are timely and interesting.

Whatever your club's meeting is about, we probably have a film that will add to the program. Why not check with us about them? There's no charge, of course.

Holiday Present—

With the Holiday Season present, the Tahoe City Office of Pacific Telephone would like to assist with some gift ideas for our customers. Arrangements can now be made to give a gift extension telephone in color for any length of time you wish. What a nice surprise it would be to install a lovely Princess set as a gift this Christmas. The gift service can be ordered through the Tahoe City Business Office for friends or relatives in other areas of the Bell System too. Billing arrangements can be set up very easily and a lovely little gift card can be sent out notifying that your gift telephone can be installed at their convenience. This is a practical and attractive gift idea—we hope all our customers will give it some thought and decide to give a Princess for Christmas.

With our gift suggestion given, all the employees of the Lake Tahoe Area would like to take this opportunity to wish each and everyone a special Merry Christmas and a very Happy New Year!

PADDOCK IS NAMED AS LOCAL RECRUITER

Air Force Reserve Major Richard A. Paddock of Truckee has been named Truckee-Lake Tahoe area recruiting officer for the 8669th Air Force Reserve Base Support Group at Travis Air Force Base.

The organization, designed to augment regular air force units at Travis in the event of a national emergency, is composed of reservists from all over northern California. They train one week-end per month and on an annual summer encampment at the big

military air transport service base in Solano County.

According to Major Paddock, the 8669th has paid training vacancies available for officers and airmen in almost every air force job—from cooks to nuclear weapons officers. Eligible are men and women of the air force reserve not presently assigned to specific units and anyone recently discharged from any branch of the U. S. armed services.

Major Paddock may be reached through P. O. Box 1316, Truckee, telephone LU 7-3194. In addition to his recruiting assignment, Major Paddock is commander of the

SKIERS ARE ASKED TO USE ALL CAUTION

The skier who exercises extreme care to avoid a disastrous tumble during his journey down the side of a snow-covered mountain may be devoting his energies to the lesser of two evils.

"His travel to and from the ski area probably holds far more danger than his trip down the mountain," California Highway Patrol Commissioner Bradford M. Crittenden said.

"To reach the skiing site, he may have to drive on mountainous roadways made even more hazardous by a coating of ice or snow. He may even have to drive through a rain or snow storm.

"His best defense is to accept the limitations of motor vehicle operation under these conditions, and respond accordingly.

"Snow driving requires reduced speeds and greater following distances. He should allow from 3 to 12 times as far to stop on icy or snow-covered roadways. Brak-

ing should be accomplished by pumping the brake pedal gently but rapidly.

"Skids often can be controlled by turning the steering wheel in the direction the back end is skidding. When the car straightens, gently pump the brakes to halt the vehicle.

"Acceleration on snow must be a slow, even process. Rapid acceleration usually results in wheel-spinning.

"Always carry skid chains. When signs state that chains are required, you must stop and put them on," the commissioner said.

TRAFFIC DEATHS IN STATE SHOW DECLINE

California traffic deaths showed a slight drop in September, but the total for the first nine months of the year remained ahead of last year's figure for a similar period.

Highway Patrol Commissioner Bradford M. Crittenden said that September deaths totaled 312, or eight less than the 320 in September, 1960.

The nine-month total this year is 2,736, up 3.28 per cent from last year's 2,644.

recorded last month, the state total remains higher than last year, and the dangerous months of fall and winter are still ahead," the commissioner said.

"October, November and December traditionally rank among the months when accident frequency is highest. Drivers can make a serious effort to change that status by careful attention to road and weather conditions, and to the law.

"Drive legally, drive sensibly, and you will be driving safely," the commissioner said.

FIRM IS NAMED FOR TAHOE SEWER STUDY

AL TAHOE—The Max C. Fleischmann Foundation of Nevada and the Lake Tahoe Area Council announced the selection of an engineering firm for the Lake Tahoe basin sewage study and expressed

confidence that an answer will be found to what has been described as "perhaps the most unique if not the toughest pollution control problem ever faced by the sanitary engineering profession."

The action, taken in conjunction with four of the world's foremost authorities on pollution control problems, names Engineering-

TAHOE MAN PLEADS GUILTY TO CHARGES

TAHOE CITY — Henry Daft of Tahoe City and San Francisco, whose drunk driving trial November 14 ended in a hung jury, appeared in the Tahoe District Court last Thursday to plead guilty to a reduced charge of reckless driving.

Judge Robert Fugazi fined Daft \$105 and gave him a 30 day sentence, which was suspended, and placed him on one year's probation.

Loman Faulkner of Tahoe City, who was arrested by sheriff's officers and charged with failure to provide for his wife and children appeared in the Tahoe court to plead not guilty November 28.

Trial was tentatively set for January 10. Faulkner is free on \$525 bail.

IT'S A SAD LIFE—This dejected dachshund seems pretty pessimistic about the bathing operation being conducted by a lad from Hanna Boys' Center near Sonoma. The pup is one of many pets at the California "boys' town," where boys from throughout the state will observe the home's twelfth anniversary at the Valley of the Moon site during December.

WARNING IS ISSUED ON TREE ORNAMENTS

SACRAMENTO — (CNS) — State Fire Marshal Glenn B. Vance has issued a four-point warning to Californians on the use of Christmas decorations and celebrations.

1. Toys should be chosen to make sure they are incapable of causing fire, shock or explosion. Toys using kerosene, gasoline, carbide or hydrogen peroxide should not be given to small children.

2. Choose a freshly cut Christmas tree, keep it in water before and after it is up. Flame-proof trees and flame-proofing chemicals are available.

3. Christmas decorations should be flame-proof, bearing the words flame-proof or "approved by the state fire marshal."

4. If using metal Christmas trees, it is preferable to use off-the-tree lighting with colored lights. Strings of lights on metal trees set up the possibility of electric shock.

NOTICE OF HEARING

VARIANCE FOR REZONING
TAHOE CITY

Notice is hereby given by the Placer County Planning Commission that a public hearing will be held by said Commission on Friday, December 8, 1961 and Friday, December 22, 1961 in the Supervisors' Room, Courthouse, Auburn, California, at the hour of 10:30 a.m. to consider the application of C. M. Vigil for a variance to have the property at Tahoe Terrace, Lot 35, Bettincourt Resubdivision rezoned R-2 in order that a Duplex can be built. Said Variance is requested because a large percentage of the lots in this subdivision have two units built on them already and a re-zoning of this property would allow the construction of two units on this property to conform with the other lots in the subdivision. At said hearing all persons in favor of the granting of said variance and all persons opposed thereto may be heard.

THIRD GRADE A. M. — Mrs. Ferrari: Our reading groups are completing their books this week. Each group is dramatizing a Christmas story for the class.

THIRD GRADE P. M. — Mrs. Thomas: Those who received a perfect spelling paper for Unit 13 are: Fae Franklin, Shannon Murphy, Richard Abbott, Margaret Mc-

Donald, Susan Leon, Susan Kjomoe, Larry Wooton, Mike Holley, Jaime Estrada, Eric Steinhauer, Greg Brockelsby and Lowell Loehnert. We have our classroom Christmas tree and we all made decorations for it this week.

We have a paper Christmas tree and it is decorated with surprise ornaments. Each ornament contains a Christmas activity—so far we have written Christmas stories, made Christmas rhymes, read Christmas stories, and had choral

DONNER DOINGS

By VIRGINIA O'BEAR

The neighborhood children counted 80 wild geese on Donner Lake Monday morning while waiting for the school bus. They were a noisy bunch of birds and when they got ready to take off for the south it looked like a group of air force jets. Every year about this time these huge 'honkers' rest at Donner Lake for a few days. I saw them last Friday out in the middle of the lake and they were beautiful.

The Christmas party at Donner Lake Lodge last Thursday evening was a very delightful affair. Santa was there with his helpers, Nancy Brodie, Muriel Wiser and Donna Warnke. Johnny Richards was Santa for the firemen and Auxiliary members of the Donner Lake Volunteer Fire Department. A larger group would have partici-

readings. Some of the people who have chosen the ornament for the day are: Susie Dean, Mike Holley, Becky Erickson, Eric Steinhauer and Bonnie Weber.

FOURTH GRADE — Mrs. Highley: Perfect spellers this week were Gary Abrahamian, Eddie Baker, Tommy Baker, Jimmy Baxter, Dona Beck, Mark Bracy, Jo Burris, Scott Ferguson, Jay Johnson, Joan McDonald, Maurie Manning, Maureen Murphy, Gary Riggs, Andy Timberlake, Vicki Mollhagen.

SIXTH, SEVENTH, EIGHTH Grade Spelling, English and Penmanship — Mrs. Price: Spelling bees were held in all classes. Winners were as follows: Mike Cook, Debbie Martin, Mary Ferrari, Kenneth Bertorelli, Armen Abrahamian and Howard Price.

In the six weeks review spelling test the following students wrote perfect papers: Mitchell Abbott, Shari Decker, Laura Dwight and Howard Price.

The sixth-seventh grade combination held a class meeting to plan their Christmas party for Tuesday, December 19. Debbie Martin is chairman of the refreshment committee; Nancy Barker is chairman of decorations; entertainment will be under the direction of Vicki Solonen; Andy Thompson is in charge of the clean-up committee; Jeff Gruendemann brought a tree for our room and Ernie Rand made many lovely decorations for the tree and the room. Greg Pope, Debbie Martin and Cindy Hiatt will be the host and hostesses for the party.

pated in the fun had it not been for so many members and their children having flu. The healthy ones attending said they had a wonderful time and enjoyed the beautiful decorations made possible by the hostesses who were also Santa's helpers.

Mr. and Mrs. Fred Springer-Miller and sons, John and Frank are spending two weeks at Donner Lake during school vacation. Mrs. Springer-Miller is a ski instructor at Sugar Bowl and teaches during all vacation time and holidays, also every weekend. Her young sons thoroughly enjoy themselves at Sugar Bowl every day as they are avid skiers, too.

Mr. and Mrs. Robert Pankoke spent a few days in San Francisco this week on business and also picked up their color television set from the company. I guess I'll have to keep Charlie away from their color TV because he has been wondering how television in color would be. Someday when we are "ready" for one, we'll see Martha and Bob as Bob has been so good about keeping our old black and white one in good running order.

Cecil Ball of the bay area was

up working on his beautiful Donner home last week and fell and broke his leg. We are all hoping that he recovers rapidly and that he will still enjoy the holidays.

Mr. and Mrs. George Hanson and two small daughters are planning to live here during the winter, too. George is a busy builder and contractor and he and his family have been living in the Bill Page home at Donner Lake. George volunteered to help the Truckee Rotary Club build the shelters for the school children to wait in for the buses. School is out this week and by the time the children go back to school on January 3, the shelters should all be finished and waiting for the youngsters. I think our community is very grateful to the Rotary Club for being so considerate of the children.

According to the calendar, this Friday, December 22, winter begins. We kind of jumped the gun up here in the mountains with all of the snow and having 10 below last week. I'm glad to know officially that winter is really here. Now we can look forward to springtime with no more frozen pipes and everyone with plenty of water. Speaking of water, Irv Lund and his family have moved

MARY ANN TONINI IS MARRIED TO FRED HASWELL AT RITES

Father Patrick Coffey of Assumption Catholic Church officiated at a single ring ceremony at 3 o'clock Sunday, December 17, uniting Mary Ann Tonini and Frederick Ray Haswell in marriage, in the presence of a hundred relatives and close friends.

The bride was given away by her father, Elden Tonini, chose a lovely gown of embossed white brocade of ballerina length, with sleeves almost to the wrist. The shoulder length veil was supported from a crown circled with pearls, her jewelry, was a single strand of pearls and she carried a bouquet of white roses and stephanotis.

White chrysanthemums were placed at the altar, with white satin streamers decorating the aisle.

Frances McFarlane of Durango, Colorado was the maid of honor, her gown of red with matching head piece was also of ballerina length and her bouquet was of white carnations. Robert Tonini acted as best man for his new brother-in-law and the ushers were Smith Virgil of Auburn and Floyd Cooper of Truckee.

Mrs. Elden Tonini wore a black suit with gold accessories, a corsage of yellow rose buds. Mrs. Haswell chose an ensemble of blue with black accessories, her corsage was of small red roses.

One hundred and fifty friends and relatives joined the bride and bridegroom at a wedding reception in the Capitol following the religious service. A pale shade of tan was selected for Mrs. Haswell's going away outfit, completed with matching accessories.

Mr. and Mrs. Elden Tonini of Truckee are the parents of the bride who is well known here where she attended schools before graduation from the University of Nevada. Since then Mrs. Haswell taught for two years in the Longmont, Colorado high school. She is affiliated with the Gothic N International Sports Association.

Haswell is the son of Mr. and Mrs. Wesley Haswell of Auburn where he attended schools and later graduated from the University of Oregon, a member of Phi Delta Theta. He is employed here where the newlyweds are establishing their home.

LOCAL GOLF COURSES GET BOOSTS IN BEE

The three local golf courses, Truckee's Shadow Valley, Brockway and Tahoe City, have received equal treatment by Jim Babcock in the Sacramento Bee.

The Truckee course was given a nice boost several weeks ago, with Orf DeLuca, the pro being featured in the five column cartoon. More recently, the Brockway course, with Pro Manager William Mayo and the Tahoe City course, with Angelo Bonino were given equal space by Babcock.

The island of Borneo in the Malay Archipelago has an area of 293,496 square miles, almost twice the size of California.
